(Signed) JOHN J. MCGEE,

To the Honourable
The Minister of the Interior.

REGULATIONS FOR THE SURVEY, ADMINISTRATION, DISPOSAL AND MANAGEMENT OF DOMINION LANDS WITHIN THE FORTY-MILE RAILWAY BELT, IN THE PROVINCE OF BRITISH COLUMBIA.

These Regulations shall apply exclusively to the public lands of the Dominion, within what is known as the Railway Belt, in the Province of British Columbia, which lands shall be styled and known as "Dominion Lands;" and the following terms and expressions therein shall be held to have the meaning hereinafter assigned them, unless such meaning be repugnant to the subject or inconsistent with the context; that is to say:—

(g.) The term "British Columbia Gazette" means the official Gazette of the Government of British Columbia, published at Victoria.

Department of the Interior.

Sec. 2. The Department of the Minister of the Interior shall be charged with the administration and management of the Dominion lands:

(a.) Under the authority of Chapter 56 of the Revised Statutes of Canada, intituled "An Act respecting certain public lands in British Columbia," the powers and authorities of the Dominion Lands Board, and of the officers thereof are hereby extended to the public lands of Canada in British Columbia:

(b.) The provisions of section 7, with the sub-section thereof, and sections 52, 53, 54, 55, 56, 57, 58, 78, 93 and 94 of Chapter 54 of the Revised Statutes of Canada, intituled "The Dominion Lands Act," shall apply to the public lands of Canada in British Columbia.

Surveys.

Sec. 3. The Dominion lands in British Columbia shall be laid off, so far as practicable, in quadrilateral townships, each containing thirty-six sections of as nearly one mile square as the convergence of meridians permits, together with an allowance of twelve acres in each section for road purposes:

The sections shall be bounded and numbered as shown by the following diagram:—

N					
31	32	33	34	35	36
30	29	28	27	26	25
19	20	21	22	23	24
18	17	16	15	14	13
7	8	9	10	11	12
6	5	4	3	2	1
S					

Sec. 4. The lines bounding sections on the east and west sides shall be meridians; and those on the north and south sides shall be chords to parallels of latitude.

Sec. 5. Each section shall be divided into quarter-sections of one hundred and sixty acres, more or less, together with an allowance for roads of three acres in each, subject to the provisions hereinafter made.

Sec. 6. In the survey of a township, the deficiency or surplus resulting from convergence of meridians shall be divided equally between all the quarter-sections involved, and the north and south error in closing on the correction lines from the north or south shall be allowed in the ranges of quarter-sections adjoining, and north or south respectively of the said correction lines; excepting in the case of the north and south closings in those townships between the first correction lines and the International Boundary or first base line, which error is to be left in the last quarter-section adjoining the said first base line.

Sec. 7. The dimensions and areas of irregular quarter-sections shall in all cases be returned by the surveyor at their actual measurements and contents.

Sec. 8. To facilitate the description for letters patent of less than a quarter-section, every section shall be supposed to be divided into quarter-quarter-sections, of forty and three-quarters acres, and such quarter-quarter-sections shall be numbered as shown in the following diagram, which is intended to show such sub-divisions of a section, which shall be styled legal sub-divisions:—

N			
13	14	15	16
12	11	10	9
5	6	7	8
4	3	2	1
S			

The area of any legal sub-division, as above set forth, shall, in letters patent, be held to be more or less, and shall in each case be represented by the exact quantity as given to such sub-division in the original survey.

Sec. 9. The Governor in Council may order the survey by a Dominion Land Surveyor of such public highways as he may deem expedient, through any lands subject to these regulations:

(a.) On the approval of the survey of a public highway, the fact shall be notified to the Lieutenant-Governor of British Columbia by the Minister of the Interior, and, by virtue of such notification, such public highway shall become the property of the said Province, the legal title thereto remaining in the Crown for the public use of the Province; but no such road shall be closed up or its direction varied, or any part of the land occupied by it sold or otherwise alienated, without the consent of the Governor-General in Council:

(b.) The Governor in Council may authorize any person to locate and build public highways, or to build public highways located in accordance with the provisions of this section (9) of these regulations:

(c.) In the meantime, and until any such road shall have been located and constructed, a convenient right of way not exceeding 66 feet in width over any such land is hereby reserved for the use and convenience of settlers and land-holders in passing, from time to time, to and from their locations or lands, to and from any now existing public road or trail: Provided always, that such settler or land-owner making use of the aforesaid privilege shall not damage the fences or crops of the occupier of any such located, sold or leased land:

(d.) Every patent issued for lands subject to these regulations shall contain a provision reserving to the Governor in Council the power to order the survey through such lands by a Dominion Land Surveyor of such public highways as he may deem expedient, and for that purpose to take any existing road, and any requisite area of land, whether the area of the roads and lands so taken be or be not in excess of the allowance for roads in any section, quarter-section or legal sub-division; also to enter upon such lands and take therefrom any gravel, stone, timber, or other material required for the construction of such highway, or any bridge connected therewith; and also to enter upon any such land for the purpose of cutting any drains necessary for the building of such highway.

Ordinary Sale of Lands.

Sec. 10. Dominion lands, as the surveys thereof are duly made and confirmed, shall, except as otherwise hereinafter provided, be open for homesteading and purchase at such prices and on such terms and conditions as may be fixed from time to time by the Governor in Council: Provided, that no purchase shall be permitted at a less price than five dollars per acre: Provided also, that, except in special cases where otherwise ordered by the Governor in Council, no sale to one person shall exceed a section, or six hundred and forty acres:

(a.) And provided also, that, whenever so ordered by the Minister, such unoccupied lands as may be deemed by him expedient, from time to time, may be withdrawn from ordinary sale and settlement, and sold at public auction or tender to the highest bidder—an upset price being fixed for the same:

(b.) Provided further, that any legal sub-division or other portion of Dominion lands which may be deemed by the Minister of the Interior of special value, may be reserved from ordinary sale and be disposed of in such manner and on such terms and conditions as may be fixed by the Governor in Council on the report of the Minister of the Interior.

Town Plots, &c.

Sec. 11. The Minister of the Interior shall have power to withdraw from sale or homestead entry any tract or tracts of land, and to lay the same out into town or village lots, the lots so laid out to be sold, either by private sale and for such price as he may see fit, or at a public auction or tender—an upset price being fixed for the same:

The Governor in Council may set apart and appropriate such Dominion lands as he may deem expedient for the sites of market places, gaols, court-houses, places of public worship, burying-grounds, schools, benevolent institutions, squares, and for other like public purposes, and at any time before the issue of letters patent therefor may alter or revoke such appropriation, as he deems expedient; and he may make free grants for the purposes aforesaid of the lands so appropriated—the trusts and uses to which they are to be subject being expressed in the letters patent.

Sec. 12. The provisions of sections numbered 13 to 29 of these regulations, both inclusive, shall not apply to lands settled upon after the first day of January, one thousand eight hundred and ninety-one.

Homestead Rights.

Sec. 13. Any person, male or female, who is the sole head of a family, or any male who has attained the age of eighteen years, who has not heretofore had a homestead on Dominion lands in British Columbia, Manitoba, or the North-West Territories, or does not hold or own by pre-emption record or otherwise, under the laws of the Province of British Columbia, more than one hundred and sixty acres of land within the railway belt in the said Province, shall, on making application in the form A in the Schedule to this Order, be entitled to obtain homestead entry for any quantity of land not exceeding one quarter-section, and being of the class of land open under the provisions of these regulations to homestead entry:

(a.) The entry for a homestead shall entitle the recipient to take, occupy and cultivate the land entered for, and hold possession of the same to the exclusion of any other person or persons whomsoever, and to bring and maintain actions for trespass committed on the said land, the same as if a patent therefor had issued in his favour; the title to the land shall remain in the Crown until the issue of the patent therefor, and the said land shall not be liable to be taken in execution before the issue of the patent:

(b.) The privilege of homestead entry shall only apply to surveyed agricultural lands; no person shall be entitled to such entry for land valuable for its timber, or for hay land, or for land on which there is

a stone or marble quarry, or coal or other mineral having commercial value, or whereon there is any water-power which may serve to drive machinery, or for land which, by reason of its position, such as being the shore of an important harbour, bridge site or canal site, or being either an actual or prospective railway terminus or station, it will be in the public interest to withhold from such entry.

Homestead Entries and Sales Affecting Timbered Lands.

Sec. 14. All merchantable timber growing or being upon any land entered or sold within the limits of Dominion lands in British Columbia, and all gold, silver, copper, lead, iron, petroleum, coal or other mines or minerals, shall be considered as reserved from the said land, and shall be the property of Her Majesty, except that the homesteader or purchaser, or those claiming under him, may cut and use such merchantable timber as may be necessary for the purpose of building, fencing, or road-making, on the land so entered or sold, and may also, under the authority of the Crown Timber Agent, cut and dispose of all timber required to be removed in the actual clearing of the said land for cultivation; but no merchantable timber (except for the necessary building, fencing, or road making as aforesaid) shall be cut beyond the limit of such actual clearing; and all merchantable timber cut in the process of clearing, and disposed of, shall be subject to the payment of the same dues as are at the time payable by the holders of licenses to cut timber.

Sec. 15. The patents for all lands, hereafter entered or sold as aforesaid, shall contain a reservation of all merchantable timber growing or being on the said lands, which merchantable timber shall continue to be the property of Her Majesty; and any person or persons now or hereafter holding a license to cut timber on such land may, at all times during the continuance of such license, enter upon the uncleared portion of such lands, and cut and remove such timber, and make all necessary roads or water-ways for that purpose, and for the purpose of hauling in supplies, doing no unnecessary damage thereby; but the patentees or those claiming under them may cut and use such timber as may be necessary for the purpose of building, fencing, or road-making on the lands so patented, and may also, under the authority of the Crown Timber Agent, cut and dispose of such timber required to be removed in actually clearing the said land for cultivation, but no merchantable timber (except for the necessary building, fencing or road-making as aforesaid) shall be cut beyond the limit of such actual clearing; and all merchantable timber so cut and disposed of shall be subject to the payment of the same dues as are at the time payable by the holders of licenses to cut timber.

Sec. 16. Holders of timber licenses, their servants or agents, shall have the right to haul their timber over the uncleared portion of any land entered as a homestead or purchased as hereinbefore provided, and to make such roads or water-ways thereon as may be necessary for that purpose, doing no unnecessary damage, and to use all slides, portages, roads, water-ways, or other works previously constructed or existing on any land so entered, sold or leased, and the right of access to, and free use of all streams and lakes heretofore used, or that may be necessary for the passage of timber; and all land necessary for such is hereby reserved.

Sec. 17. All merchantable timber growing or being upon any land hereafter entered as a homestead or sold under these regulations shall be subject to any timber license in force at the time of such entry or sale, and may, at any time during the currency of any such license, or of any license which may be subsequently issued, be cut and removed under the authority thereof.

Sec. 18. Whenever the survey of any township has been finally confirmed and such township opened for homestead entry, any person who has *bona fide* settled and made improvements before such confirmed survey on land in such township, shall have a prior right to obtain homestead entry for the land so settled on, provided such right be exercised within three months after the land is opened for settlement; and provided that such land has not been reserved or the right to homestead entry is not excepted under the provisions of these regulations; no homestead entry shall be granted to any other person in respect of such land until three months after notice in writing shall have been given by the local agent to such *bona fide* settler that such land is open for settlement.

Sec. 19. Every person applying for homestead entry shall appear and make affidavit before the local agent, or, in his absence, the senior clerk performing his duties, according to the Form B, C or D, in the Schedule to this Order, as the circumstances require; and upon filing such affidavit with the said local agent or senior clerk, and on payment to him of an office fee of ten dollars, such person shall receive a receipt from the said local agent or senior clerk according to the Form J in the Schedule to this Order; and such receipt shall be a certificate of entry, and shall be authority to the person obtaining it to take possession of the land described in it:

(a.) The Minister of the Interior or the Dominion Lands Board, upon requisition, may authorize any person named therein to make a homestead entry on behalf of any person signing such requisition and desiring to obtain such entry:

(b.) The person so authorized shall, in order to obtain such entry, make application in the Form E in the Schedule to this Order, on behalf of each of those whom he represents, and shall make an affidavit before the local agent or, in his absence, the senior clerk performing his duties, according to Form F, G or H, in the Schedule to this Order, as the circumstances of the case require, and shall pay for each homestead entry the office fee of ten dollars hereinbefore prescribed for such entry, and shall receive for each fee so paid a receipt in the Form J in the Schedule hereto:

(c.) Persons occupying land owned by them may obtain homestead entry for any contiguous land open to the same; but the whole extent of land, including that previously owned and occupied, must not exceed one quarter-section:

(d.) A person applying for such entry for contiguous land must, when making the affidavit prescribed for homestead entry, also describe therein the tract he owns and lives upon; and his residence upon and cultivation of the whole shall thereafter be of the kind and for the term required by the provisions of these regulations, in the case of ordinary homestead entry, before he shall be entitled to patent for the part so entered for: Provided, that such residence and cultivation may be upon either the land originally occupied by him or that for which homestead entry has been obtained, or both.

Sec. 20. In case a dispute arises between persons claiming the right to homestead entry for the same land, the local agent, or senior clerk, or any person thereto authorized by the Minister of the Interior, shall make investigation and obtain evidence respecting the facts, and his report thereon, together with the evidence taken, shall be referred to the Minister of the Interior for decision, or to the Dominion Lands Board, Commissioner of Dominion Lands, or such person as may be appointed by the Governor in Council to consider and decide in cases of such disputes:

(a.) Provided, that when two or more persons have settled upon and seek to obtain homestead entry for the same land, the one who settled first thereon and has continued to reside upon and cultivate the land for which homestead entry is sought, shall be entitled to such entry if the land be of the class open to homestead entry, and if it be not in the opinion of the Minister of the Interior otherwise inexpedient, in the public interest, to entertain any application therefor:

(b.) Provided further, that where contending parties have valuable improvements on the lands in dispute, the Minister of the Interior, if the application to acquire the land by homestead entry is entertained by him, may order a division thereof in such a manner as shall preserve to each of them, as far as practicable, his improvements; and the Minister may, at his discretion, direct that what the land so allotted to each of them may be deficient of a quarter-section, shall be made up from unoccupied land adjoining, if there be any such of the class open to homestead entry.

Sec. 21. Any person who has obtained a homestead entry shall be allowed a period of six months from its date within which to perfect the entry, by taking in his own person possession of the land and beginning continuous residence thereon and cultivation thereof; and if the entry be not perfected within that period it shall be void, and the land shall be open to entry by another person, or to other disposition under these regulations by the Minister of the Interior:

Provided further, that in the case of immigrants from elsewhere than the North American Continent, the Governor in Council may extend the time for the perfecting of entry to twelve months from the date thereof.

Sec. 22. (a.) At the expiration of three years from the date of his perfecting his homestead entry, the settler, or in case of his death, his legal representatives, upon proving to the satisfaction of the local agent that he, or they, or some of them, have resided upon and cultivated the land during the said term of three years, shall be entitled to a patent for the land, provided such proof is accepted by the Commissioner of Dominion Lands, or, in his absence, by a member of the Land Board, and on payment of one dollar per acre for the land: Provided also, that the patent therefor shall not issue to any person not then a subject of Her Majesty by birth or naturalization:

(b.) Provided, that in case of a settler who may have obtained a homestead entry for land occupied by him previous to survey thereof, in manner hereinbefore mentioned, residence upon and cultivation of the land for three years next preceding the application for patent shall, for the purpose of the issue of patent, be held to be equivalent to that prescribed in the foregoing sub-clause of this section, if such residence and cultivation be otherwise in conformity with the provisions of these regulations.

Sec. 23. Any person proving that he has resided on the land for which he has homestead entry for twelve months from the date of his perfecting his entry therefor, and that he has brought under cultivation at least thirty acres thereof, may, before the expiration of the three years defined in sub-section (b) of Section 22, obtain a patent by paying two dollars and fifty cents per acre for the land.

Sec. 24. Any person claiming a patent under a homestead entry shall also be entitled thereto upon making payment therefor at the rate of one dollar per acre and proving to the satisfaction of the Commissioner of Dominion Lands or the Dominion Lands Board,—

(a.) That he perfected his homestead entry by commencing the cultivation of the homestead within six months from the date of his homestead entry;

(b.) That within the first year after the date of his homestead entry he broke and prepared for crop not less than five acres of his homestead quarter-section; or if the land affected by his homestead entry be timber land, then in lieu of breaking and preparing for crop five acres, he may substitute therefor the clearing and fencing of three acres;

(c.) That within the second year he cropped the said five acres, and broke and prepared for crop not less than ten acres in addition, making not less than fifteen acres in all; or if the land affected by his homestead entry be timber land, in lieu of cropping five acres and breaking and preparing for crop ten acres additional, he may substitute therefor cropping the three acres broken the previous year and clearing and fencing five acres in addition, making in all eight acres cleared and fenced, three of which shall also be cropped;

(d.) That he has erected a habitable house upon his homestead before the expiration of the second year after his homestead entry, and has *bona fide* resided therein and has cultivated the land for three years next prior to the date of his application for his patent;

(e.) That at the commencement of the third year after the date of his homestead entry, or previously, he commenced the residence on his homestead required by the next preceding paragraph of this section;

(f.) Proof of the residence and improvements required by this section shall be made by the claimant by affidavit, and shall be corroborated by the evidence on oath of two disinterested witnesses, resident in the vicinity of the land affected by their evidence, and accepted as sufficient by the Commissioner of Dominion Lands, or, in his absence, by a member of the Land Board; such affidavit shall be sworn and such testimony given before the local agent, or, in his absence, the senior clerk performing his duties, or some other person named for that purpose by the Minister of the Interior.

Sec. 25. Every person who has obtained a homestead entry, and who proposes to apply for a patent for such homestead, shall give six months' notice in writing to the agent of Dominion lands of his intention to make such application, and shall produce evidence to the officer who is authorized to receive the application that such notice has been duly given.

Sec. 26. (a.) In case it is proved to the satisfaction of the Minister of the Interior that a settler has not resided upon and cultivated his homestead, except as herein provided, for at least six months in any one year, or has failed to cultivate and crop the said land during the first two years after obtaining entry therefor, or to erect a habitable house before the expiration

of the second year after such entry, and to *bona fide* reside therein and cultivate the land for three years next prior to the date of his application for patent, or has made any false statement in the affidavit in support of his application for entry, or if he fails, within the time provided for in these regulations, to apply for patent for his homestead, and to pay for the said homestead the price specified in these regulations, the right to the land shall be forfeited and the entry therefor shall be cancelled, and the settler so forfeiting his entry shall not be eligible to obtain another entry, except in special cases in the discretion of the Minister of the Interior:

(b.) Provided, that in any case of illness, vouched for by sufficient evidence, or in the case of immigrants requiring to return to their native land to bring out their families to their homesteads, or in other special cases, the Minister of the Interior may, in his discretion, grant an extension of time, during which a settler may be absent from his homestead without prejudice to his right therein; but the extension so granted shall not count as residence.

Sec. 27. A homestead, the entry of which has been cancelled, may, at the discretion of the Minister, be held for homestead entry by another person, on such terms and conditions as the Minister of the Interior may prescribe, or for sale of the land with the improvements, if any, or of the improvements alone in connection with homestead entry thereof, to another person.

Sec. 28. Any assignment or transfer of homestead right, or any part thereof, and any agreement to assign or transfer any homestead right, or any part thereof, after patent shall have been obtained, made or entered into before the issue of the patent, shall be null and void; and the person so assigning or transferring or making an agreement to assign or transfer shall forfeit his homestead right and shall not be permitted to make another homestead entry: Provided, that a person whose homestead may have been recommended for patent by the local agent or senior clerk, and who has received from such agent or clerk a certificate to that effect in the Form K in the Schedule to this Order, countersigned by the Commissioner of Crown Lands, or, in his absence, by any member of the Dominion Lands Board, may legally dispose of and convey, assign or transfer his right and title therein.

Fruit Culture.

Sec. 29. Any person eligible under these regulations to obtain a homestead entry may, for fruit-growing purposes, upon payment of a fee of ten dollars, and upon making application therefor to the local agent in the Form L in the Schedule hereto, obtain entry for any area not in excess of one quarter-section of Dominion lands of the class open for homestead entry under these regulations, upon the following terms and conditions:—

(a.) For each legal sub-division included in the land entered, the applicant shall, during the first year after the date of entry, clear at least four acres and plant the same in fruit trees, bushes, plants or vines, to the number prescribed in these regulations;

(b.) During the second year he shall clear and plant three acres additional, and any trees, plants or vines planted the preceding year which may have died shall be replaced;

(c.) During the third year he shall clear three acres additional, planting the same as in the first and second years, and replacing any trees, shrubs, plants or vines planted during the first and second years which may have died;

(d.) At the end of the third year he shall have ten acres cleared and planted with fruit trees, bushes or vines;

(e.) Provided, that the clearing and planting herein provided for may be made upon any portion of the land entered for;

(f.) The fruit trees, bushes or vines to be planted by the applicant, as herein provided, shall be in the proportion set forth in the following table, according to the variety or varieties planted:—

Kind.	Distance apart.	No. per Acre.
Apple trees, standards.	33 feet.	40
Pear " "	20 "	110
Peach " "	15 "	200
Plum " "	15 "	200

Grapes.	10 " x 12 "	364
Raspberries.	3 " x 6 "	2,425
Strawberries.	1 " x 4 "	10,900

(g.) At the expiration of five years from the date of his entry, the applicant, or in case of his death his legal representative, upon proving to the satisfaction of the local agent, or, in his absence, the senior clerk performing his duties, that there are then growing upon the land and in healthy condition the number of trees, bushes, plants or vines, as the case may be, prescribed by these regulations, shall be entitled to a patent for the land upon payment therefor at the rate of one dollar per acre, provided such proof is accepted by the Commissioner of Dominion Lands, or, in his absence, by a member of the Land Board; but such patent shall not issue to any person who is not a subject of Her Majesty by birth or naturalization;

(h.) If any person having an entry for land for purposes of fruit culture fails to comply with any of the conditions in respect thereof prescribed by these regulations, his entry therefor shall be forfeited and cancelled, and he shall have no claim to the land whatever, except in special cases, in the discretion of the Minister of the Interior.

Grazing Lands.

Sec. 30. The Governor in Council may, from time to time, grant leases of unoccupied Dominion lands for grazing purposes to any person or persons, for such term of years and at such rent in each case as may be deemed expedient; and every such lease shall contain a condition by which the Governor in Council may authorize the Minister of the Interior, at any time during the term of the lease, to give the lessee notice of cancellation thereof, and at the end of two years from the service of such notice such lease shall cease and determine.

Mining and Mining Lands.

Sec. 31. Lands containing coal or other minerals, whether in surveyed or unsurveyed territory, may be disposed of in such manner and on such terms and conditions as may, from time to time, be fixed by the Governor in Council by regulations to be made in that behalf.

Sec. 32. It is hereby declared that no grant from the Crown of lands in freehold, or for any less estate, has operated or will operate as a conveyance of the minerals therein, unless the same are expressly conveyed in each grant.

Ditches.

Sec. 33. The provisions of "The Dominion Mining Regulations" having reference to the diversion and use of the water from any stream or lake, and the rights of way necessary for the construction of flumes and ditches to convey such water, shall apply to the diversion and use of the water from any stream or lake, and the rights of way necessary to the conveyance thereof in respect of the irrigation of agricultural lands: Provided, however, that the Forms M, N, and O, in the Schedule to this Order, shall be used.

Timber Slides, &c.

Sec. 34. No sale or grant of any Dominion lands shall give or convey any right or title to any slide, dam, water-way, pier or boom, or other work previously constructed on such land, or any stream passing through or along it, for the purpose of facilitating the descent of timber or saw logs, unless it be expressly mentioned in the letters patent or other documents establishing such sale or grant that such slide, dam, water-way, pier or boom, or other work, is intended to be thereby sold or granted:

The free use of any slide, dam, water-way, pier, boom, or other work on streams, to facilitate the descent of lumber and saw logs, and the right of access thereto for the purpose of using the same and keeping the same in repair, shall not in any way be interrupted or obstructed by or in virtue of any sale or grant of Dominion lands made subsequent to the construction of any such work.

Sec. 35. DOMINION MINING REGULATIONS.

AT THE GOVERNMENT HOUSE, AT OTTAWA.

SATURDAY, 9th day of November, 1889.

PRESENT:

His Excellency the Governor-General in Council.

His Excellency, under the authority conferred upon him by "The Dominion Lands Act," Chapter 54 of the Revised Statutes, and by and with the advice of the Queen's Privy Council for Canada, is pleased to order that the following "Regulations governing the disposal of the Dominion Lands containing minerals other than coal in Manitoba and the North-West Territories, and of such mineral lands in British Columbia as are the property of the Government of Canada, except lands containing gold or silver," shall be and the same are hereby adopted and established.

(Signed) JOHN J. MCGEE,
Clerk, Privy Council.

REGULATIONS GOVERNING THE DISPOSAL OF THE DOMINION LANDS CONTAINING MINERALS OTHER THAN COAL IN MANITOBA AND THE NORTH-WEST TERRITORIES; AND OF SUCH MINERAL LANDS IN BRITISH COLUMBIA AS ARE THE PROPERTY OF THE GOVERNMENT OF CANADA, EXCEPT LANDS CONTAINING GOLD OR SILVER.

Section 1. These Regulations may be cited as "The Dominion Mining Regulations," and shall be applicable to all Dominion Lands containing gold, silver, cinnabar, lead, tin, copper, petroleum, iron or other mineral deposit of economic value, with the exception of coal, and in British Columbia with the exception of gold and silver.

Sec. 2. Any person or persons may explore vacant Dominion lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining under these regulations a mining location for the same: but no mining location or mining claim shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location or claim.

QUARTZ MINING.

Sec. 3. A location for mining, except for iron or petroleum, on veins, lodes, or ledges of quartz or other rock in place, shall not exceed the following dimensions: Its length shall not be more than 1,500 feet, its breadth not more than 600 feet; its surface boundaries shall be four straight lines, and the side lines and end lines shall be parallel lines, except where prior locations may prevent, in which case it may be of such shape as may be approved by the Superintendent of Mines. Its length shall not be more than three times its breadth. Its boundaries beneath the surface shall be the vertical planes in which its surface boundaries lie.

Sec. 4. Any person having discovered a mineral deposit may obtain a mining location therefor, under these regulations, in the following manner:—

(a.) He shall mark the location on the ground by placing at each of its four corners a wooden post, not less than four inches square, driven not less than eighteen inches into the ground, and showing that length above it. If the ground be too rocky to admit of so driving such posts, he shall build about each of them, to support it and keep it in place, a cairn or mound of stones, at least three feet in diameter at the base, and eighteen inches high. If the location be timbered, a line shall be run and well blazed joining the said posts. If it be not so timbered, and the ground is of such a nature that any one post cannot be seen from the ends of either of the lines which form the angle at which the said post is placed, posts flattened on two sides (such flattened portions facing the directions of the line) shall be planted or mounded along the side lines wherever necessary, so that no difficulty may be experienced by a subsequent prospector or explorer in discovering or following the boundaries of any location. If the location be laid out with its boundaries due north and south and east and west, then he shall mark on the post designating the north-east angle of the location, legibly, with a cutting instrument, or with coloured chalk, his name in full, the date of such marking, and the letters M. L., No. 1, to indicate that the post is Mining Location post No. 1. Proceeding next to the south-easterly angle of the location he shall mark the post planted there with the letters M. L. No. 2, and his initials; next to the south-westerly angle of the location, the post planted at which he shall mark with the letters M. L. No. 3, and his initials; and lastly to the north-westerly angle of the location, the post planted at which he shall mark with the letters M. L. No. 4, and his initials. If the location be laid out by other than due north and south and east and west lines, the first mentioned post shall be the one at the northerly angle; the second the one at the easterly angle; the third the one at the southerly angle; and the fourth the one at the westerly angle. Furthermore, on the face of each post, which face shall in the planting thereof be turned towards the post which next follows it in the order in which they are here named and numbered, there shall be marked in figures the number of yards distant to the next following post. If means of measurement are not available, the distance to be so marked on each of the posts may be that estimated. If the corner of a location falls in a ravine, bed of a stream, or any other situation where the character of the locality may render the planting of a post impossible, the said corner may be indicated by the erection at the nearest suitable point of a witness post, which in that case shall contain the same marks as those prescribed in

this clause in regard to corner posts, together with the letters W. P., and an indication of the bearing and distance of the site of the true corner from such witness post.

(In this manner any subsequent prospector, informed of these regulations, will, on finding any one of the posts or mounds, be enabled to follow them all round, from one to another, and avoid encroachment, either in search of or in marking out another location in the vicinity for himself.)

(b.) Having so marked out on the ground the location he desires, the claimant shall, within sixty days thereafter, file with the Agent in the Dominion Lands Office for the district in which the location is situated, a declaration under oath, according to Form A in the Schedule to these regulations (which may be sworn to before the said agent, or may have been previously sworn to before a Justice of the Peace or Commissioner) setting forth the circumstances of his discovery, and describing as nearly as may be, the locality and dimensions of the location marked out by him as aforesaid; and shall, along with such declaration, pay to the said Agent an entry fee of five dollars.

(c.) The Agent, upon such payment being made, shall grant a receipt according to the Form B in the Schedule to these regulations. This receipt shall authorize the claimant, his legal representatives or assignees, to enter into possession of the location applied for, and subject to its renewal from year to year as hereinafter provided, during the term of five years from its date, to take therefrom and dispose of any mineral deposit contained within its boundaries, provided that during each of the said five years after the date of such receipt he or they shall expend in actual mining operations on the claim at least one hundred dollars, and furnish to the Agent of Dominion Lands within each and every year a full detailed statement of such expenditure, which evidence shall be in the form of an affidavit corroborated by two reliable and disinterested witnesses; and the Agent shall thereupon, subject to the payment by the claimant of a fee of five dollars, issue a receipt in the Form C in the Schedule hereto, which shall entitle the claimant to hold the location for another year;

(d.) Any party of miners, not exceeding four, whose claims are adjoining, and each of which has been entered within three months of the other, may, for the better development of their locations, and upon being authorized to do so by the Agent, make upon any one of such locations, during the first and second years after entry, but not subsequently, the expenditure required by these regulations to be made upon each of the said locations. The authority herein provided for shall be in the Form D in the Schedule hereto, and shall be granted by the Agent upon application made in writing to that effect by each of the claimants interested, and payment of a fee of five dollars, upon which payment the Agent shall also grant a receipt in the Form E in the Schedule hereto: Provided, however, that the expenditure made upon any one location shall not be applicable in any manner or for any purpose to any other location.

Sec. 5. At any time before the expiry of five years from the date of his entry for his mining location, the claimant shall be entitled to purchase the said location upon filing with the Agent proof that he has expended not less than five hundred dollars in actual mining operations on the same, and that he has in every other respect complied with the requirements of these regulations.

Sec. 6. The price to be paid for a mining location shall be at the rate of five dollars per acre, cash.

Sec. 7. On making the application to purchase a mining location, and paying the price therefor, as hereinbefore provided, the claimant shall also deposit with the Agent the sum of fifty dollars, which shall be deemed payment by him to the Government for the survey of his location; and upon the receipt of the plans and field notes, and the approval thereof by the Surveyor-General, a patent shall issue to the claimant in the Form F in the Schedule hereto. If, on account of its remoteness or other cause, a mining location cannot, at the time of the deposit of fifty dollars by the applicant for the purpose, be surveyed by the Government for that sum, he shall be subject to the alternative of waiting until the employment of a surveyor by the Government on other work in the vicinity of the claim renders it convenient to have the survey made at a cost not exceeding fifty dollars, or of sooner procuring, at his own cost, its survey by a duly commissioned surveyor of Dominion Lands, under instructions from the Surveyor-General; in the latter case, on receipt of the plans and field notes of the survey and approval thereof by the Surveyor-General, as here

inbefore provided, the claimant shall be entitled to receive his patent, and to have returned to him the fifty dollars deposited by him to defray the cost of survey.

Sec. 8. Should the claimant, or his legal representatives as aforesaid, fail to prove within each year the expenditure prescribed, or, having proved such expenditure, fail within the prescribed time to pay in full, and in cash, to the Agent the price hereinbefore fixed for such mining location, and also to pay the sum of fifty dollars hereinbefore prescribed for the survey of his location,—then any right on the part of the claimant or of his legal representatives in the location, or claim on his or their part to acquire it, shall lapse, and the location shall thereupon revert to the Crown, and shall be held, along with any immovable improvements thereon, for disposal, under these regulations, to any other person, or as the Minister of the Interior may direct.

(a.) In cases where applications for mining locations are made in respect of lands within surveyed townships, they must conform to the regular system of surveys; that is, the location shall be either legal sub-divisions or regular sub-divisions thereof; and prior to the application being granted it shall be necessary to stake out the location, at least approximately, on the ground, and it shall be surveyed by a Dominion Land Surveyor, acting under instructions from the Surveyor-General, within one year thereafter.

(b.) If applications for mining locations are made within a township of which at least one boundary has been surveyed, to protect himself the discoverer may stake out his claim in conformity with these regulations; but, before the issue of the patent, the claim shall, if required by the Minister of the Interior, be described by legal sub-divisions or fractional portions thereof, upon a survey made by a Dominion Land Surveyor acting under instructions from the Surveyor-General.

Sec. 9. Where two or more persons lay claim to the same mining location, the right to acquire it shall be in him who can prove he was the first to discover the mineral deposit involved and to take possession, by demarcation in the manner prescribed in these regulations, of the location covering it.

Sec. 10. Priority of discovery alone shall not give the right to acquire; but a person subsequently and independently discovering, who has complied with the other conditions prescribed in these regulations, shall take precedence of the first discoverer if the latter has failed to comply with the said other conditions: Provided, however, that in any case where it is proved that a claimant has, in bad faith, used the prior discovery of another, and fraudulently affirms that he made independent discovery and demarcation, he shall, apart from any other legal consequences, have no claim, and shall forfeit the deposit made with his application, and shall be absolutely debarred from obtaining another mining location.

Sec. 11. Not more than one mining location shall be granted to any individual claimant upon the same lode or vein.

Sec. 12. Where land is used or occupied for milling purposes, reduction works, or other purposes incidental to mining operations, either by the proprietor of a mining location or other person, such land may be applied for and patented, either in connection with or separate from a mining location, in the manner hereinbefore provided for the application for and the patenting of mining locations, and may be held in addition to any such mining location; but such additional land shall in no case exceed five acres in extent, and shall be paid for at the same rate as a mining location.

Sec. 13. The Minister of the Interior may grant a location for the mining of iron or petroleum not exceeding 100 acres in area, which shall be bounded by due north and south and east and west lines, and its breadth and length shall be equal: Provided, that should any person making an application purporting to be for the purpose of mining either iron or petroleum thus obtain, whether in good faith or fraudulently, possession of a valuable mineral deposit other than iron or petroleum, his right in such deposit shall be restricted to the area hereinbefore prescribed for other minerals, and the rest of the location shall thereupon revert to the Crown for such disposition as the Minister may direct.

Sec. 14. When there are two or more applicants for any mining location, no one of whom is the original discoverer or his assignee, the Minister of the Interior, if he sees fit to dispose of the location, shall invite their competitive tenders, or shall put it up to public tender or auction as he may deem expedient.

Sec. 15. An assignment of the right to purchase a mining location shall be indorsed on the back of the

receipt or certificate of assignment (Forms B and G, in the Schedule hereto), and the execution thereof shall be attested by two disinterested witnesses; upon the deposit of the receipt or certificate with such assignment executed and attested as herein provided, in the office of the Agent, accompanied by a registration fee of two dollars, the Agent shall give to the assignee a receipt in the Form G in the Schedule hereto, which certificate shall entitle the assignee to all the rights and privileges of the original discoverer in respect of the claim assigned; and the said assignment shall be forwarded to the Minister of the Interior by the Agent, at the same time and in like manner as his other returns respecting Dominion Lands, and shall be registered in the Department of the Interior; and no assignment of the right to purchase a mining location which is not unconditional and in all respects in accordance with the provisions of this clause, and accompanied by the registration fee herein provided for shall be recognized by the Agent or registered in the Department of the Interior.

Sec. 16. If application be made under the next preceding clause by the assignee of the right to purchase a mining location, and such claim is duly recognized and registered, as hereinbefore provided, such assignee shall, by complying with these regulations, become entitled to purchase the location for the price and on the terms prescribed thereby.

PLACER MINING.

Sec. 17. The regulations hereinbefore laid down in respect of quartz mining shall be applicable to placer mining so far as they relate to entries, entry fees, assignments, marking of locations, agents' receipts, and generally where they can be applied, save and except as otherwise herein provided.

Nature and Size of Claims.

Sec. 18. The size of claims shall be as follows:—

(a.) For "bar diggings," a strip of land 100 feet wide at high water mark, and thence extending into the river to its lowest water level;

(b.) For "dry diggings," 100 feet square.

(c.) "Creek and river claims" shall be 100 feet long, measured in the direction of the general course of the stream, and shall extend in width from base to base of the hill or bench on each side, but when the hills or benches are less than 100 feet apart the claim shall be 100 feet square; Provided, however, that in any case where the distance from base to base of the hill or bench exceeds ten chains, such claims shall be laid out in areas of ten acres each, the boundaries of such areas to be due north and south and east and west lines, and if within surveyed territory the said area of ten acres shall consist of one-fourth of a legal sub-division, and shall be marked on the ground in the manner prescribed by these regulations for marking quartz mining locations: Provided further, that any such claim intersected by a creek or river, shall, in addition to the stakes at the four corners thereof, have the points at which its boundaries may be intersected by the high water mark of the creek or river on both sides of the creek or river designated by posts of the same size which shall be driven into the ground the same depth and showing the same length above it as the posts prescribed by these regulations in respect of quartz mining locations, and the said posts shall have marked upon them legibly, with a cutting instrument or with coloured chalk, the name of the claimant in full and the date of such marking;

(d.) "Bench claims" shall be 100 feet square.

(e.) Every claim on the face of any hill, and fronting on any natural stream or ravine, shall have a frontage of 100 feet, drawn parallel to the main direction thereof, and shall be laid out, as nearly as possible, in the manner prescribed by Section 4 of these regulations;

(f.) If any person or persons shall discover a new mine, and such discovery shall be established to the satisfaction of the Agent, claims of the following size, in dry, bar, bench, creek or hill diggings, shall be allowed:

To one discoverer	300 feet in length.
To a party of two	600 do do
To do three	800 do do
To do four	1,000 do do

and to each member of a party beyond four in number, a claim of the ordinary size only.

A new stratum of auriferous earth or gravel, situated in a locality where the claims are abandoned, shall, for this purpose, be deemed a new mine, although the same locality shall have been previously worked at a different level; and dry diggings discovered in the vicinity of bar diggings shall be deemed a new mine, and *vice versa*.

Rights and Duties of Miners.

Sec. 19. The forms of application for a grant for placer mining, and the grant of the same, shall be those contained in Forms H and I in the Schedule hereto.

Sec. 20. The entry of every holder of a grant for placer mining must be renewed and his receipt relinquished and replaced every year, the entry fee being paid each time.

Sec. 21. No miner shall receive a grant of more than one mining claim in the same locality, but the same miner may hold any number of claims by purchase, and any number of miners may unite to work their claims in common upon such terms as they may arrange, provided such agreement be registered with the Agent, and a fee of five dollars paid for each registration.

Sec. 22. Any miner or miners may sell, mortgage or dispose of his or their claims, provided such disposal be registered with, and a fee of two dollars paid, to the Agent, who shall thereupon give the assignee a certificate in Form J in the Schedule hereto.

Sec. 23. Every miner shall, during the continuance of his grant, have the exclusive right of entry upon his own claim, for the miner-like working thereof, and the construction of a residence thereon, and shall be entitled exclusively to all the proceeds realized therefrom; but he shall have no surface rights therein; and the Superintendent of Mines may grant to the holders of adjacent claims such right of entry thereon as may be absolutely necessary for the working of their claims, upon such terms as may to him seem reasonable.

Sec. 24. Every miner shall be entitled to the use of so much of the water naturally flowing through or past his claim, and not already lawfully appropriated, as shall, in the opinion of the Superintendent of Mines, be necessary for the due working thereof; and shall be entitled to drain his own claim free of charge.

Sec. 25. A claim shall be deemed to be abandoned and open to occupation and entry by any person when the same shall have remained unworked on working days by the grantee thereof for the space of seventy-two hours, unless sickness or other reasonable cause be shown, or unless the grantee is absent on leave.

Sec. 26. A claim granted under these regulations shall be continuously, and in good faith, worked, except as otherwise provided, by the grantee thereof or by some person on his behalf.

Sec. 27. In tunnelling under hills, on the frontage of which angles occur, or which may be of an oblong or elliptical form, no party shall be allowed to tunnel from any of the said angles, or from either end of such hills, so as to interfere with parties tunnelling from the main frontage.

Sec. 28. Tunnels and shafts shall be considered as belonging to the claim for the use of which they are constructed, and as abandoned or forfeited by the abandonment or forfeiture of the claim itself.

Sec. 29. For the more convenient working of back claims on benches or slopes, the Superintendent of Mines may permit the owners thereof to drive a tunnel through the claims fronting on any creek, ravine or water-course, upon such terms as he may deem expedient.

Administration.

Sec. 30. In case of the death of any miner while entered as the holder of any mining claim, the provisions as to abandonment shall not apply either during his last illness or after his decease.

Sec. 31. The Minister of the Interior shall take possession of the mining property of the deceased, and may cause such mining property to be duly worked, or dispense therewith, at his option; and he shall sell the property by private sale, or, after ten days' notice thereof, by public auction, upon such terms as he shall deem just, and out of the proceeds pay all costs and charges incurred thereby, and pay the balance, if any, to the legal representatives of the said deceased miner.

Sec. 32. The Minister of the Interior, or any person authorized by him, shall take charge of all the property of deceased miners until the issue of letters of administration.

BED-ROCK FLUMES.

Sec. 33. It shall be lawful for the Minister of the Interior, upon the application hereinafter mentioned, to grant to any bed-rock flume company, for any term not exceeding five years, exclusive rights of way through and entry upon any mining ground for the purposes of constructing, laying and maintaining bed-rock flumes.

Sec. 34. Three or more persons may constitute themselves into a bed-rock flume company; and every application by them for such grant shall state the names of the applicants and the nature and extent of

the privileges sought to be acquired. Ten full days' notice thereof shall be given between the months of June and November, and between the months of November and June one month's notice shall be given, by affixing the same to a post planted in some conspicuous part of the ground or to the face of the rock, and a copy thereof conspicuously upon the inner walls of the Land Office of the district. Prior to such application, the ground included therein shall be marked out in the manner prescribed in sub-section (a) of Section 4 of these Regulations. It shall be competent for any person to protest before the Agent within the times hereinbefore described for the notice of such application, but not afterwards, against such application being granted. Every application for a grant shall be accompanied by a deposit of \$100, which shall be returned if the application be refused, but not otherwise.

Sec. 35. Every such grant shall be in writing, in the Form K in the Schedule hereto.

Sec. 36. The holders of claims through which the line of the company's flume is to run may put in a bed-rock flume in their claims to connect with the company's flume, upon giving the company ten days' notice in writing to that effect; but they shall maintain the like grade, and build the flume as thoroughly and of as strong materials, as that built by such company.

Sec. 37. Every bed-rock flume company shall lay at least fifty feet of flume during the first year and one hundred feet annually thereafter, until completion of the flume.

Sec. 38. Any miners lawfully working any claims where a bed-rock flume exists, shall be entitled to tail their sluices, hydraulics and ground sluices into such flume, but so as not to obstruct the free working of such flume, by rocks, stones, boulders or otherwise.

Sec. 39. Upon a grant being made to any bed-rock flume company, the Agent shall register the same, and the company shall pay for such registration a fee of \$10. They shall also pay, in advance, an annual rent of \$10 for each quarter of a mile of right of way legally held by them.

DRAINAGE OF MINES.

Sec. 40. The Minister of the Interior may grant to any person or persons permission to run a drain or tunnel for drainage purposes through any occupied mining land, and may give such persons exclusive rights of way through and entry upon any mining ground for any term not exceeding five years, for the purpose of constructing a drain or drains for the drainage thereof.

Sec. 41. The grantee shall compensate the owners of lands or holders of claims entered upon by him for any damage they may sustain by the construction of such tunnel or drain, and such compensation if not agreed upon shall be settled by the Superintendent of Mines and be paid before such drain or tunnel is constructed.

Sec. 42. Such drain or tunnel, when constructed, shall be deemed to be the property of the person or persons by whom it shall have been so constructed.

Sec. 43. Every application for a grant shall state the names of the applicants, the nature and extent of the proposed drain or drains, the amount of toll (if any) to be charged, and the privileges sought to be acquired, and shall, save where the drain is intended only for the drainage of the claim of the person constructing the same, be accompanied by a deposit of \$25, which shall be refunded in case the application is refused, but not otherwise. Notice of the application shall be given and protests may be made in the same manner as provided in regard to bed-rock flumes.

Sec. 44. The grant of the right of way to construct drains or tunnels shall be made in the Form L in the Schedule hereto. The grant shall be registered by the grantee in the office of the Agent, to whom he shall at the time pay a registration fee of \$5, or, if the grant gives power to collect tolls, a fee of \$10. An annual rent of \$10 shall be paid, in advance, by the said grantee for each quarter of a mile of right of way legally held by him, save where the drain shall be for the purpose of draining only the claim of the person constructing the same.

DITCHES.

Sec. 45. The Minister of the Interior may, upon application hereinafter mentioned, grant to any person or persons, for any term not exceeding five years, or in special cases for such length of time as he may determine, the right to divert and use the water from any stream or lake, at any particular part thereof, and the right of way through and entry upon any mining ground, for the purpose of constructing ditches and

flumes to convey such water; provided always, that every such grant shall be deemed as appurtenant to the mining claim in respect of which it has been obtained, or is required in connection with reduction works, sampling works, stamp mills, concentrating works, or other works connected with mining operations, and, whenever the claim shall have been worked out or abandoned, or whenever the occasion for the use of such water upon the claim or in connection with such work shall have permanently ceased, the grant shall cease and determine.

Sec. 46. Twenty days' notice of the application shall be given, in accordance with Form M in the Schedule to these regulations, by affixing the same to a post planted in some conspicuous part of the ground, and a copy thereof conspicuously posted upon the inner walls of the Land Office for the district, and any person may protest within such twenty days, but not afterwards, against such application being wholly or partially granted.

Sec. 47. Every application for a grant of water exceeding 200 inches shall be accompanied by a deposit of \$25, which shall be refunded in case the application is refused, but not otherwise.

Sec. 48. Every such application shall state the names of the applicants, the name or description of the stream or lake to be diverted, the quantity of water to be taken, the locality for its distribution, the price (if any) to be charged for the use of such water, and the time necessary for the completion of the ditch. The grant shall be in the Form N in the Schedule hereto.

Sec. 49. Every grant of a water privilege on occupied creeks shall be subject to the rights of such miners as shall, at the time of such grant, be working on the stream above or below the ditch head, and of any other persons lawfully using such water for any purpose whatsoever.

Sec. 50. If after the grant has been made, any miner or miners locate and *bona fide* work any mining claim below the ditch head on any stream so diverted, he or they collectively shall be entitled to 40 inches of water if 200 inches be diverted, and 60 inches if 300 inches be diverted, and no more, except upon paying to the owner of the ditch, and all other persons interested therein, compensation equal to the amount of damage sustained by the diversion of such extra quantity of water as may be required; and, in computing such damage, the loss sustained by any claims using water therefrom, and all other reasonable losses, shall be considered.

Sec. 51. No person shall be entitled to a grant of the water of any stream for the purpose of selling the water to present or future claim holders on any part of such stream. The Minister of the Interior may, however, grant such privileges as he may deem just, when such ditch is intended to work bench or hill claims fronting on any such stream, provided that the rights of miners then using the water so applied for be protected.

Sec. 52. The Minister of the Interior may, on the report of the Superintendent of Mines that such action is desirable, order the enlargement or alteration of any ditch, and fix the compensation (if any) to be paid by parties to be benefited thereby.

Sec. 53. Every owner of a ditch or water privilege shall take all reasonable means for utilizing the water granted to him, and, if he wilfully take and waste any unreasonable quantity of water, the Minister may, if such offence be persisted in, declare all rights to the water forfeited.

Sec. 54. The owner of any ditch or water privilege may distribute the water to such persons and on such terms as he may deem advisable, within the limits mentioned in this grant; provided always that such owner shall be bound to supply water to all miners who make application therefor in a fair proportion, and shall not demand more from one person than from another, except where the difficulty of supply is enhanced.

Sec. 55. Any person desiring to bridge any stream, claim, or other place, for any purpose, or to mine under or through any ditch or flume, or to carry water through or over any land already occupied, may, in proper cases, do so with the written sanction of the Superintendent of Mines. In all such cases the right of the party first in possession shall prevail, so to entitle him compensation if the same be just.

Sec. 56. In measuring water in any ditch or sluice the following rules shall be observed: The water taken into a ditch or sluice shall be measured at the ditch or sluice head: no water shall be taken into a ditch or sluice except in a trough placed horizontally at the place at which the water enters it, which trough shall be extended two feet beyond the orifice for the dis-

charge of the water: one inch of water shall mean the quantity that will pass through a rectangular orifice two inches high by half an inch wide, with a constant head of seven inches above the upper side of the orifice.

Sec. 57. Whenever it shall be intended, in forming or upholding any ditch, to enter upon and occupy any part of an entered claim, or to dig or loosen any earth or rock, within four feet of any ditch not belonging solely to the registered owner of such claim, three days' notice, in writing, of such intention shall be given before entering or approaching within four feet of such other property.

Sec. 58. Any person engaged in the construction of any road or work may, with the sanction of the Minister of the Interior, cross, divert, or otherwise interfere with any ditch, water privilege, or other mining rights whatsoever, for such period as the Minister shall approve.

Sec. 59. The Minister shall order what compensation for every such damage or interference shall be paid, and when and to whom, and whether any and what works, damaged or affected by such interference as aforesaid, shall be replaced by flumes or otherwise repaired by the person or persons causing any such damage.

Sec. 60. The owners of any ditch, water privilege, or mining right, shall, at their own expense, construct, secure, and maintain, all culverts, necessary for the passage of, waste, and superfluous water flowing through or over any such ditch, water privilege or right.

Sec. 61. The owners of any ditch or water privilege shall construct and secure the same in a proper and substantial manner, and maintain the same in good repair to the satisfaction of the Superintendent of Mines, so that no damage shall occur to any road or work in its vicinity from any part of the works of such ditch, water privilege, or right.

Sec. 62. The owners of any ditch, water privilege, or right shall be liable, and shall make good, in such manner as the Superintendent of Mines shall determine, all damages which may be occasioned by or through any part of the works of such ditch, water privilege, or right, breaking or being imperfect.

Sec. 63. Nothing herein contained shall be construed to limit the right of the Lieutenant-Governor of the North-West Territories in Council, or of the proper authority in any Province containing Dominion Lands to lay out, from time to time, public roads across through, along, or under any ditch, water privilege, or mining right, without compensation.

Sec. 66. No particular forms of procedure shall be necessary, but the matter complained of must be properly expressed in writing, and a copy of the complaint shall be served on the opposite party not less than seven days before the hearing of the said complaint.

Sec. 67. The complaint may, by leave of the Superintendent of Mines, be amended at any time before or during the proceedings.

Sec. 69. In the event of the decision of the Superintendent of Mines being made the subject of an appeal to the Commissioner of Dominion Lands, the appellant shall, at the time of lodging the appeal, deposit with the Agent a bond fee of \$20, which shall be returned to the said appellant if his appeal proves to have been well founded, and not otherwise, except for special cause by direction of the Minister.

Sec. 70. The appeal must be in writing and must be lodged with the Superintendent of Mines not more than three days after his decision has been communicated in writing to all the parties interested, and must state the grounds upon which the said decision is appealed from.

Sec. 71. If the Commissioner of Dominion Lands decides that it is necessary to a proper decision of the matter in issue to have an investigation on the ground, or, in case of disputed boundaries or measurements, to employ a surveyor to measure or survey the land in question, the expense of the inspection or re-measurement or re-survey, as the case may be, shall be borne by the litigants, who shall pay into the hands of the said Commissioner, in equal parts, such sum as he may think sufficient for the same, before it takes place; otherwise it shall not proceed, and the party who refuses to pay such sum shall be adjudged in default. Leave of Absence.

Sec. 73. The Agent in each district shall, under instructions from the Minister of the Interior, declare the close season in his district.

Sec. 74. Each holder of a mining location or of a grant for placer mining shall be entitled to be absent from his mining location or diggings and to suspend work thereon during the close season.

Sec. 75. The Agent shall have power to grant leave of absence to the holder of a mining location or grant for placer mining pending the decision of any dispute in which he is concerned under these regulations.

Sec. 76. In cases where water is necessary to the continuance of mining operations, and the supply of water is insufficient, the Superintendent of Mines shall have power to grant leave of absence to the holder of the grant during such insufficiency, but no longer, except by permission of the Minister of the Interior.

Sec. 77. Any miner or miners shall be entitled to leave of absence for one year from his or their diggings, upon proving to the satisfaction of the Superintendent of Mines that he or they have expended on such diggings, in cash, labour or machinery, an amount of not less than \$200 on each of such diggings without any return of gold or other minerals in reasonable quantities for such expenditure.

Sec. 78. The time reasonably occupied by the locator

of a claim in going to, and returning from, the office of the Agent or Superintendent of Mines to enter his claim, or for other purposes prescribed by these regulations, shall not be counted against him, but he shall, in such cases, be deemed to be absent on leave.

Miscellaneous.

Sec. 79. The Minister of the Interior shall, from time to time, as he may think fit, declare the boundaries of mineral and mining districts, and shall cause a description of the same to be published in the Canada Gazette.

Sec. 80. The Minister of the Interior may direct mineral and mining locations to be laid out within such districts wherever, from report of the Director of the Geological Survey, or from other information, he has reason to believe there are mineral deposits of economic value, and may sell the same to applicants therefor, who, in his opinion, are able and intend in good faith to work the same; or he may, from time to time, cause the said locations to be sold by public auction or tender. Such sales shall be for cash, and at prices in no case lower than those prescribed for locations sold to original discoverers, and shall otherwise be subject to all the provisions of these regulations.

Sec. 81. The Minister of the Interior may grant to any person or persons who have a mining location and are actively developing the same, an additional location adjacent to and not exceeding it in area, provided the person or persons holding such location shall show to the satisfaction of the Minister that the vein or lode being developed on the location will probably extend outside of either of the vertical lines forming the side boundaries of the location before it has reached the depth at which it cannot be profitably mined.

Sec. 82. Persons desirous of obtaining quarries for stone on vacant Dominion lands may do so under these regulations; but the Minister may require the payment of a royalty not exceeding five per cent. on account of the sales of the product of such quarries, or the land may be sold not subject to such royalty at such price as may be determined.

Sec. 83. Returns shall be made by the grantee, sworn to by him, or by his agent or other employee in charge of the mine, at monthly or other such intervals as may be required by the Minister, of all products of his mining location and of the price or amount he received for the same.

Sec. 84. The Minister of the Interior shall have the power to summarily order any mining works to be so carried on as not to interfere with or endanger the safety of the public, any public work or highway, or any mining property, mineral lands, mining claims, bed-rock drains or flumes; and any abandoned works may, by his order, be either filled up or guarded to his satisfaction, at the cost of the parties who may have constructed the same, or in their absence upon such terms as he shall think fit.

Sec. 85. The Superintendent of Mines, acting under instructions to be from time to time issued by the Minister, shall cause to be laid out, at the expense of the person or persons applying for the same, a space of ground for deposits of leavings and deads from any tunnel, claim or mining ground.

Forfeiture.

Sec. 86. In the event of the breach of these regulations, or any of them, by any person holding a grant for quartz or placer mining from the Crown other than Crown patents, or from the Minister of the Interior, or from any duly authorized officer of Dominion lands, such right or grant shall be absolutely forfeited *ipso facto*, and the person so offending shall be incapable thereafter of acquiring any such right or grant, unless for special cause it is otherwise decided by the Minister of the Interior.

DOMINION TIMBER LAND REGULATIONS.

AT THE GOVERNMENT HOUSE, AT OTTAWA.

TUESDAY, the 17th day of September, 1889.

PRESENT:

His Excellency the Governor-General in Council.

His Excellency in virtue of the powers vested in him by Chapters 54 and 56 of the Revised Statutes, intituled respectively "An Act respecting Public Lands," and "An Act respecting certain Public Lands in British Columbia," and by and with the advice of the Queen's Privy Council for Canada, is pleased to make the following Regulations governing the granting of yearly licenses and permits to cut timber on Dominion Lands in Manitoba, the North-West Territories and within twenty miles on either side of the Canadian Pacific Railway in the Province of British Columbia.

(Signed) JOHN J. MCGEE,

*To the Honourable Clerk, Privy Council.
The Minister of the Interior.*

REGULATIONS GOVERNING THE GRANTING OF YEARLY LICENSES AND PERMITS TO CUT TIMBER ON DOMINION LANDS IN MANITOBA, THE NORTH-WEST TERRITORIES AND WITHIN TWENTY MILES ON EITHER SIDE OF THE CANADIAN PACIFIC RAILWAY IN THE PROVINCE OF BRITISH COLUMBIA.

TIMBER LICENSES.

Section 1. (a) All licenses to cut timber shall be disposed of by public competition.

(b) Parties tendering will be required to state the sum or bonus per square mile which they will pay in addition to the ground rent and royalty; and each tender must be forwarded in a sealed envelope and be accompanied by an accepted cheque payable to the order of the Deputy Minister of the Interior for the amount of such bonus. No tender by telegraph will be accepted. The limit will be awarded to the party offering the highest bonus therefor.

(c) The foregoing clauses of this section shall not apply to any person who on or prior to the 1st day of April, 1889, has applied for, staked out the land sought for, and published notice of application for licence to cut timber west of Eagle Pass in the Railway Belt in the Province of British Columbia.

(d) The length of any birth covered by a license shall in no case exceed three times the breadth thereof.

Section 2. (a) The licensee shall pay a ground rent of five dollars per square mile, except for lands situated west of Eagle Pass, in the Province of British Columbia, in which case the ground rent shall be five cents an acre.

(b) Within a month after the date of the Order in Council granting a timber berth, the party in whose favour it is passed shall pay the rent for the year in advance, and if not then paid the said rent shall bear interest at the rate of six per cent. per annum from that date until the same is paid.

(c) The licensee shall pay a royalty of five per cent. on the amount of the sales of all products of the berth. Saw logs and other timber for manufacture taken from the berth must be manufactured at the saw-mill of the licensee to be operated in connection with the berth as prescribed in clause (f) of this section.

(d) On the first day of May in each year all licensees of timber berths shall furnish through themselves, their

scalers and foremen to the Crown Timber Agent, having jurisdiction in the matter, or such officer as the Minister of the Interior may appoint for that purpose, a statement in writing in detail, upon oath, setting forth the number of pieces of timber, saw logs and other lumber, and the correct contents in board measure of the same as scaled by Scribner's log rule, cut under his or their license during the twelve months immediately prior to making said statement. Should it so result from any cause whatsoever that the amount of lumber accounted for in the return of sales of the products of the berth, should fall short of the amount shown to have been cut or taken from the timber berth, the holder of such license shall account to the Minister of the Interior for such discrepancy and pay for said deficiency a royalty of five per cent. upon the value thereof, the value being calculated upon the average price of his or their sales of lumber for the six months prior to making the return as aforesaid.

(e) It is also required that all licensees through themselves, their scalers and foremen, shall furnish satisfactory proof, upon oath, on the said first day of May in each year as to the exact locality, by a ground sketch, where all timber, saw logs or other lumber cut by themselves and others, to their knowledge, upon the timber berth held or occupied by him or them respectively have been cut.

(f) The licensee shall have in operation within a year from a date to be fixed in the license, and keep in operation for at least six months of each year of his holding, a saw-mill in connection with his berth capable of cutting in twenty-four hours a thousand feet board measure for every two and a half square miles of the area licensed, or shall establish such other manufactory of wood goods as the Minister accepts as equivalent thereto.

(g) Any right to a timber berth acquired under an Order in Council, cannot be assigned or transferred without the consent of the Minister of the Interior.

Section 3. The licensee of a timber berth shall not be held to have any claim whatever to a renewal of his license, unless such renewal is provided for in the Order in Council under which it was obtained; but when a licensee has fully complied with all the conditions herein set forth, and where no portion of the timber berths required for settlement or other public purpose, of which the Minister of the Interior is to be the judge, the license may be renewed for another year subject to such revision of the annual rental and royalty to be paid therefor as may be fixed by the Governor in Council.

Section 4. (a) In unsurveyed territory the party to whom a license shall be promised shall, before the issue of said license and before the said party shall cut any timber, cause to be made at his own expense under the instruction of the Surveyor-General, a survey of his timber berth by a duly qualified Dominion Land Surveyor, and the plan and field notes of such survey shall be deposited on record in the Department of the Interior, but he shall be held liable for the dues upon timber that may be cut by any one on the berth subsequent to ten days from the date upon which he is notified that the berth has been awarded to him. The dues upon such timber to be fixed by the Minister of the Interior.

(b) In surveyed territory, berths shall consist of Township Sections, their legal sub-divisions, or fractions thereof.

Section 5. If in consequence of any incorrectness in survey or other error or cause whatsoever, a timber berth is found to comprise lands included in another berth awarded at a prior date, or any lands sold, granted, leased or lawfully set apart for any other purpose under these Regulations or the Dominion Lands Act, the latter berth shall be void in so far as it interferes with any previous sale, grant or setting apart.

Section 6. All ground rents, royalties or other dues on timber cut within the boundaries of any timber berth, which are not paid at the time when they become due, shall bear interest at the rate of six per cent. per annum until paid, and shall be a lien on any timber cut within such limits; and in case of such non-payment—whether, in consequence thereof, the license of the berth has or has not been cancelled—the Crown Timber Agent or other person authorized thereto may, with the sanction of the Minister, seize so much of the timber cut on such berth as will, in his opinion, be sufficient to secure the payment of such rent or royalty and all interest and expenses of seizure and sale, and may detain the same as security for the payment thereof; and if payment is not made within three months after such seizure, he may, with the sanction of the Minister, sell such timber by public auction, and after deducting the sum due to the Crown, the interest thereon and

expenses aforesaid, he shall pay over the balance, if any, to the licensee, if the timber was in his possession at the time of seizure, or if it was not, to the person who had possession thereof at the time.

Section 7. All timber cut under license shall be liable for the payment of the Crown dues thereon, whenever and wherever the said timber, or any part of it, is found, whether it is or is not converted into deals, boards or any other manufactured wood; and all officers or agents employed in the collection of such dues may follow all such timber and may seize and detain the same wherever it is found, until the dues thereon are paid or secured, as provided in the next preceding clause.

Section 8. If the payment of the Crown dues on any timber has been evaded by any licensee or other person, by the removal of such timber or products out of Canada, or otherwise, the amount of dues so evaded and any expenses incurred by the Crown in enforcing payment of the said dues under the Dominion Lands Act, may be added to the dues remaining to be collected on any other timber cut on any timber berth by the licensee, or by his authority, and may be levied and collected or secured on such timber, together with such last-mentioned dues, in the manner hereinbefore provided; or the amount due to the Crown, of which payment has been evaded, may be recovered by action or suit in the name of the Minister or his agent, in any Court of competent jurisdiction.

Section 9. The Minister may take or authorize the taking of bonds or promissory notes for any money due to the Crown, as aforesaid, or in his discretion, for double the amount of any dues, penalties and costs incurred or to be incurred, and may, if it is under seizure, then release any timber upon which the same would be leviable; but the taking of such bonds or notes shall not affect the right of the Crown to enforce payment of such money, and the debt shall be a lien on any timber cut on the same or on any other berth, by the licensee or by his authority, if the sums for which such bonds or notes are given are not paid when due.

FORM OF TIMBER LICENSE.

Section 10. The following is the form of license to be used in respect of timber lands:—

KNOW ALL MEN BY THESE PRESENTS, that by virtue of the authority vested in me by the *Dominion Lands Act*, and by an order of His Excellency the Governor-General in Council of the _____ day of _____ 18____, I, _____ the Minister of the Interior of Canada, do hereby, in consideration of the sum of _____, ground rent now paid to me for the use of Her Majesty, and in consideration of the royalty hereinafter mentioned, give unto _____, hereinafter called the licensee, _____ executors and administrators, full right, power and license, subject to the conditions and restrictions hereinafter mentioned and contained, to cut timber on the following tract of land (hereinafter called the "berth" or "berths"), that is to say:—

_____ and to take and keep exclusive possession of the said lands, except as hereinafter mentioned, for and during the period of one year from the day of _____ 18____, to the _____ day of _____ 18____, and no longer.

This license shall vest in the licensee, subject to the conditions hereinafter mentioned, all rights of property whatsoever in all trees, timber, lumber, and other products of timber cut within the "berths" during the continuance thereof, whether such trees, timber and lumber, or products, be cut by authority of the licensee or by any other person, with or without _____ consent; and shall entitle the licensee to seize in replevin, revendication or otherwise, as _____ property, such timber where the same is found in the possession of any unauthorized person, and also to bring any action or suit, at law or in equity, against any party unlawfully in possession of any such timber, or of any land so leased, and to prosecute all trespassers thereon and other such offenders as aforesaid, to conviction and punishment, and to recover damages, if any; and all proceedings pending at the expiration of this license may be continued and completed as if the same had not expired.

But this license is subject to the following conditions, viz.:—

1. That the licensee shall not have the right thereunder to cut timber of a less diameter than ten (10) inches, except such as may be actually necessary for the construction of roads, &c., to facilitate the taking out of merchantable timber.

2. That this license shall not be allowed to interfere with the settlement of any lands within the "berths" which may be desirable for settlement, the Minister of the Interior to be the judge of the fact, and the only recourse of the licensee against the ruling of the Minister in favour of permitting settlement within such

"berths" to be that

(the licensee) may within sixty days after receiving notice to the above effect from the Local Agent of Dominion Lands, remove all timber on such lands which may be over ten inches in diameter.

Further that this license shall not prevent individual Homestead Settlers holding *free permits* heretofore or hereafter given under the Order in Council, dated the seventeenth day of September, 1889, or under any subsequent Order in Council passed in such behalf, from cutting and removing from the land covered by this license such quantity of building timber, fence, rails, or firewood, as such permit may set forth; and the Government may, notwithstanding this license, give such permit to individual Homestead Settlers from time to time under said Order in Council or any subsequent Order in Council.

3. That the licensee shall take from every tree cut down all the timber fit for use, and manufacture the same into sawn lumber or some other saleable product.

4. That the licensee shall prevent all unnecessary destruction of growing timber on the part of _____ men, and exercise strict and constant supervision to prevent the origin or spread of fires.

5. That the licensee shall make returns to the Government monthly, or at such other periods as may be required by the Minister of the Interior, or by regulations under the said Act, sworn to by _____ or by agent or employee, cognizant of the facts; declaring the quantities sold or disposed of, of all sawn lumber, timber, railway car stuff, ship timbers and knees, shingles, laths, cordwood, or bark, or any other product of timber from the berth, in whatever form the same may be sold or otherwise disposed of by _____ during such month or other period, and the price or value thereof.

6. That the licensee shall pay, in addition to the said ground rent, a royalty of five per cent. on his monthly account of sales as above.

7. That the licensee shall keep correct books of such kind and in such form as may be provided by regulations under the said Act, and submit the same for the inspection of the collector of dues whenever required, for the purpose of verifying _____ returns aforesaid.

8. This license shall be subject to the right of the Crown to deal, in accordance with the provisions of the said Act and the regulations made under it by the Governor in Council, with any and all stone, coal and other minerals found within the limits of the berth licensed; and the Crown shall have the right in dealing, as above provided, with any stone, coal, or other minerals in lands licensed as timber limits, to authorize the persons to whom such stone, coal, or other minerals are granted, to take possession of and occupy such extent of the land so licensed as is necessary to work such stone, coal, or other minerals, and to open necessary roads through any such timber berth, paying the licensee of the berth the value of any and all timber necessarily cut in making such road or in working the quarries or mines; and the provisions of this clause shall operate retrospectively, that is to say:—They shall apply to all the licenses of timber berths heretofore granted under any Act respecting Dominion Lands, as if they had been contained in such Act when it was passed.

9. This license shall be subject to forfeiture for infraction of any one of the conditions to which it is subject, or for any fraudulent return; and in such case the Minister of the Interior shall have the right without any suit or other proceeding at law or in equity, or compensation to the licensee, to cancel the same, and to make a new license or disposition of the said "berth" to any other party, at any time during the term hereby granted: Provided that the Minister of the Interior, if he sees fit, may refrain from forfeiting such license for non-payment of dues, and may enforce payment of such dues in the manner provided by the said Act:

Provided further, that the Minister of the Interior shall be the sole judge of the fact in regard to infraction, or alleged infraction, of any one of the conditions of this license, and that his decision in relation thereto shall be binding and conclusive.

Sec. 13. An office fee of twenty-five cents shall be charged for each permit.

Sec. 14. Issuers of permits will be instructed by the Minister of the Interior as to the quantity of timber that will be granted, and also what proportion of dues shall be deposited on issue of permit as a guarantee on the part of those obtaining the same.

Sec. 15. Besides the dues above specified, grantees of permits may be called upon to pay such additional sum as the Minister may judge necessary to meet their proportion of any expense incurred or that may be incurred by the Department in making a survey or other

demarcation on the ground of the boundaries within which such permits are to be operative.

Sec. 16. Permits shall set forth that those obtaining them must conform to the conditions, terms and requirements specified in the same, and carefully restrict their cutting to the limits described therein, and any breach thereof will subject the offender to all pains and penalties in that behalf prescribed by the Dominion Lands Act.

Sec. 17. The permittee shall cut up the whole of the trees felled in such a way that there shall be no waste, and to prevent the spread of prairie or bush fires, the refuse (*i. e.*, the tops and branches unfit either for rails or firewood) shall be piled together in a heap and not left scattered through the bush.

TIMBER PERMITS ON SCHOOL LANDS.

Sec. 18. Permits to cut timber upon School lands may be granted in the discretion of the Minister of the Interior, who, before authorizing the issue of permits to cut upon any section or portion thereof, shall cause the same to be carefully examined, and shall satisfy himself that the removal of the timber will not impair the value of the land when offered for sale.

PERSONS EXEMPTED FROM DUES.

Sec. 19. No dues are to be exacted from the following classes of persons for timber cut for their own use upon undisposed of Dominion lands; that is to say:—

- (a.) Miners engaged in prospecting;

DRAW-BACK OR REBATE.

Sec. 20. TIMBER FOR HOMESTEADERS.

Sec. 21. Any occupant of a homestead quarter-section having no timber of his own may, upon application, obtain a permit to cut such quantity of building timber, fencing timber or fuel as he may require for use on his homestead, not exceeding the following:—

- (b.) 400 roof poles;
- (c.) 2,000 poplar fence-rails, no rail to exceed five inches at the butt end;
- (d.) 30 cords of dry wood;
- (e.) Burnt or fallen timber of a diameter up to seven inches inclusive, for fuel or fencing.

Sec. 22. Should the house timber be sawn at a mill, payment for sawing must not be made by way of toll as the full quantity of lumber cut from the logs must be used on the permit-holder's homestead.

Sec. 23. In order that mill owners may be able to give satisfactory evidence that saw logs or lumber found in their possession have been lawfully cut, they should require from settlers bringing timber to be sawn, proof that the same has not been cut on Dominion lands, or that it has been cut under a permit, which the settler should produce in order that its number, its date, and the name of the permittee may be noted by the mill owner. The latter should also record the quantity of such timber sawn by him, so that he may be in a position to duly protect himself should an account or return thereof be demanded by agents of the Department.

Sec. 24. The applicant will require to pay an office fee of twenty-five cents before he can obtain a permit, but no dues will be charged for the timber or wood cut under and in accordance therewith.

Sec. 25. Homesteaders whose farms may have thereon a supply of timber, or who are in possession of wood lots or other timbered lands, will not be granted a free permit.
